

YaraVita™ Tracel BZ™ - TankMix™ Results

IMPORTANT NOTE: Tank mixes are made for convenience of application only. The information contained in this program refers only to **PHYSICAL TANK MIXABILITY** and does not represent a guarantee of chemical and/or biological compatibility, nor crop safety of any tank mix. For a specific tank mix, spray operators and advisors should strictly adhere to the recommendation provided on the pesticide manufacturer's label. Many variables outside the control of Yara can influence the performance of co-applied products and therefore co-application is entirely at the risk of the end user

Product Name	kg/acre	grams/knapsack		Pesticides Name	Active Ingredient	Quantity MAX of pesticides per water volume	Water Volume (l)	Tankmix Result	Date Tested
YaraVita™ Tracel BZ	0.8	135	+	FUNGURAN 50WP	COPPER HYDROXIDE	60g	15	✓	15/06/2010
